# Generic Student Responses

How have AKSHARAMAALA videos and study material helped you?

62 responses

*Yes It's is very good programme to have online classes at this pandemic situation It's also useful for to select higher studies and to improve communication skills the gems*

*I do not have mobile phone that's my problem*

*Yeah.we got many benefits, we started thinking about our future by having regular meet with such great iitians.They are very friendly and approachable at any sort of time. I will be very much thankful to AKSHRAMAALA team especially murthy sir, najathulla sir(our valounteer), shivam shukla sir. In my phone, net is very slow that's why I faced many problems 😊*

*In my phone, net is very slow that's why I faced many problems*

*Aksharamala helped me a lot to improve my studies and focus on my future career. Through the assignments I can practice the topics and it made me easy to study.*

*Thanking this programme.*

*Literally , aksharamala is given many benefits to students in this pandemic where schools are closed due to this pandemic aksharamala supporting students to get good marks in boards and teaching a lot which is helpful for students thank you aksharamala for this amazing and useful opportunity*

*Network problem phones balance  
Network issues  
Only Network problem that's all*

# Specific Comments

It's is very good working , we are ready to hear some more program to implement . I am totally satisfied with this program and helping the students to bring their talents out and improving there learning skills . The students more interested to learn in this way . So please continue the program and improve the students skills . Thank you sir for giving this opportunity to me and I am ready to work in next project also

Please provide attractive software which helps in better content prepare for students so they get knowledge apart from school

Since, all the volunteers are trying their best in their hectic academic schedule, so atleast students should value their efforts.

As we are also students, it's becoming difficult to take classes.

Require interested students + platform which can generate assignment and evaluate them.  
I can continue for another month

Improve students attendance

Great experience working for aksharmaala and looking forward to experience and work with aksharamaala further

Preparing a well defined schedule will be much better for every volunteer.

V good association

Thank you for the opportunity

It was indeed a wonderful experience. Will definitely try to get back to it in future. Thank you so much for making me a part of this noble cause.

Everything is fine
